

## **School Incentive Program**

### **BAYARD H. FRIEDMAN HERO AWARD**

#### **Procedure Information**

Since the untimely death of Mr. Bayard H. Friedman in October of 1998, our organization has honored outstanding North Texas school employees with a special Hero Award in memory of Mr. Friedman.

School employees are asked to nominate one of their colleagues who they feel is the most outstanding in their curriculum area or position in helping children to become well educated citizens with great futures.

#### **Suggested information desired in nomination letters:**

- 1. Who the individual is, what they do and where they do it.**
- 2. In your opinion, what makes the individual a Hero to children, what makes them the most outstanding in their curriculum, and if the nominee were to move, how would their campus and community suffer.**
- 3. Any bio information available, background, history, education, awards or special achievements, timeline of employment, and current familial information.**

We review the nominations and ask for additional letters of support from their principals, directors and other individuals at their workplace who would have information and opinions of their qualifications and achievements. After evaluation of the above described information, we do an onsite evaluation to help select the most outstanding Hero in each of the different categories (such as principal, first year teacher, counselor, secretary, etc.).

We coordinate with local sporting and entertainment venues for a date and site to publicly honor our Hero recipients. We have cornerstone sponsors who help provide a \$1,000 honorarium to each of the Heroes.

A list of the Bayard H. Friedman Hero Award recipients is available upon request for your information and review. If you have any questions, please call 817-429-4024.

**NOTE:** To submit a nomination, please fax or email your letter of recommendation to the office (Fax # - 817.882.9393 / Email - info@scoreagoal.org)
